I BELIEVE IN...

- Building strong relationships with students, families, co-workers, and the community.
- Teaching the whole learner through standards-based, rigorous, and relevant instruction.
- Connecting students with the community to promote career exploration and lifelong learning.
- Technology as a teaching and learning tool that enables students to research, create, collaborate, and communicate.
- Continuous improvement and the reiteration of professional practices to meet the needs of our ever-changing world.

LEADERSHIP EXPERIENCE

STEM COORDINATOR/INSTRUCTIONAL COACH

NORTHRIDGE ELEMENTARY | AUG 2017 - PRESENT
LONGMONT, CO

At the school level, I engage in weekly coaching and co-teaching with classroom teachers for the purpose of integrating STEM, design thinking, and technology across the curriculum in order to increase student growth and achievement. I also support PD, grant writing, tours, field trips, and event planning.

At the district level, I lead districtwide learning initiatives, support events at the Innovation Center, facilitate trainings, and collect and analyze STEM data.

CLASSROOM EXPERIENCE

1ST/2ND GRADE TEACHER

FORT ASHBY PRIMARY SCHOOL | AUG 2015 - JUNE 2017
FORT ASHBY, WV

I fostered 21st century learning by implementing flexible seating and frequent collaboration in order to promote self-efficacy and perseverance.

6TH GRADE TEACHER

FRANKFORT MIDDLE SCHOOL | AUG 2014 - JUNE 2015
RIDGELEY, WV

I created a learning environment where students were challenged to think critically and take risks through structured routines, relationships, and engagement.

KINDERGARTEN TEACHER

MAPLE GRADE SCHOOL | AUG 2012 - JUNE 2014
HOOPESTON, IL

I implemented creative and exploratory lessons to support my students' reading, writing, and math skills through conferencing, movement, and mindfulness.
